DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on June 8, 2004 has been entered.

Claim Rejections - 35 USC § 112, 1st paragraph

2. Claims 3 and 4 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

The original disclosure does not provide support for a "coating layer covering a portion of a top surface of the shaving aid strip" as now set forth in claim 3. Rather, support is provided for a shaving aid strip (11) that includes multiple layers as shown in the figures, particularly Figures 3 and 4.

Claim Rejections - 35 USC § 112

3. Claims 3 and 4 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 3, lines 6-11, the recitation "a coating layer covering a portion of a top surface of the shaving aid strip" renders the claims vague and indefinite since it is not clear a to what disclosed structure "coating" refers, particularly since such coatings, as disclosed, are part of the shaving aid strip and it's not clear how it can cover and be part of the strip.

Claim Rejections - 35 USC § 102

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 5. Claims 3 and 4, as understood, are rejected under 35 U.S.C. 102(b) as being anticipated by Doroodian-Shoja Siamak, pn 5,388,331 (hereafter "Doroodian").

Doroodian discloses a shaving aid with every structural limitation of the claimed invention as best understood from the claims including a shaving aid strip (e.g., the bottom layer in Figures 3a-3j) and a coating (e.g., the top layer in Figures 3a-3j).

Response to Arguments

6. Applicant's arguments filed April 27, 2004 have been fully considered but they are not persuasive. The Examiner respectfully disagrees with applicant's arguments regarding the relationship of the top layer and bottom layer of Doroodian and respectfully directs applicant's attention to the Doroodian disclosure; for example column 3, lines 42-47.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Clark F. Dexter whose telephone number is (703)308-1404. The examiner can be reached Monday through Friday during normal business hours.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Allan N. Shoap can be reached on (703)308-1082. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
